COLLECTION

UMAGE

A low-angle photograph of trees with bright yellow-green leaves against a clear blue sky. The trees are positioned around the edges of the frame, with the most prominent one in the upper right corner. The leaves are vibrant and appear to be in the process of changing color, suggesting an autumn setting. The sky is a uniform, clear blue, providing a high-contrast background for the foliage.

**“Memorable furniture reminds you
of good times and family
– this is a furniture collection of
such feelings”**

Soren Ravn Christensen, Chief Creative Developer

We take the story of Scandinavian design further than ever before by combining aesthetics, simplicity and functionality and infusing it with thoughtful craftsmanship and environmental care. Our designs are deeply rooted in the diverse urban landscape and raw nature surrounding our home in the heart of Copenhagen, Denmark.

Versatile, flexible and multifunctional, our new furniture and accessory collection is designed for packing the most into life in smaller spaces. With clean lines, strong graphical elements and a focus on details, the Furniture Feelings range of Scandinavian design continues our use of clever packaging solutions to reduce the effects of transportation on the environment, without compromising on materials or design principles.

Having begun our journey in 2008, we have been constantly growing and expanding. Today, we are present in over 2000 stores in 40 countries around the world.

Jonas Søndergaard, Designer

Gather around, it's coffee time

With its clean and minimal organic shape, as well as the combination of wood and fine metal details, the Hang Out coffee table has a classic Scandinavian expression.

Thin graceful legs attached to a slender metal bracket and sculptured rounded table top give Hang Out a light and airy profile.

With both a leather and textile side, Hang Out's bag can be easily swapped around to add a different expression to your interior.
