MATERIAL GUIDE

WOOD

Wood is a natural material and may vary from batch to batch. Variations in wood structure and colour are part of the timber characteristics of the wood and applying lacquer will further enhance these characteristics.

OAK

Oak plays a primary role in our collection and comes from high quality Danish suppliers. Our oak products come in the following finishes: Natural, Dark Stained, Black and Smoked. All finishes are matt lacquered which makes the surface more durable and easier to maintain.

ASH

We use European ash and ash veneer which comes in the following finishes: Natural, Black and Smoked.

PALLISANDER

The pallisander veneer used in the JFK tables originates from East India and is produced in Denmark.

SUAR WOOD

Every Rough Table is made from a unique piece of Suar wood, a tropical hardwood originating from Indonesia. The wood in its very nature is durable yet easy to maintain. Table is delivered in its natural untreated state and will require treatment such as wood oil upon delivery. The non-linear form reflects the natural growth of the tree and makes each table unique. Some factory repair work, such as adding wood, silicone or dowels, is carried out if necessary to ensure that each table gets its best possible look and durability.

CUSTOMISED TREATMENT

Customised stain colours can be requested and must be approved and priced prior to production.

MARBLE

For the MAN tables we offer two types of marble tops:

BLACK MARQUINA MARBLE:

Black Marquina marble is a compact, fine grained black rock originating from Spain.

This marble is a recrystallized reef chalk with some calcite veins, on which some fossil remains can be seen. Each Black Marquina table top has a unique appearance and can vary from solid black to black with white veins. The table top has a polished finish.

GREEN GUATEMALA MARBLE:

This green Guatemala marble originates from India and has a beautiful structure made up of deep green venations.

VINTAGE LEATHER

Our Vintage Leather is supplied by Sorensen Leather and is otherwise known by the name Dunes. Dunes is a full aniline hide which offers a matt natural look, with slight variation in colour from hide to hide. Part of DUNES' appeal are the subtle, natural markings which bring a unique personality to each hide. The natural patina will evolve beautifully over time as a result of the leather's exposure to natural daylight and usage. Dunes is chrome free. Standard colours: Anthracite 21003, Dark Brown 21001, Rust 21002, Camel 21004 and Cognac 21000.

PREMIUM LEATHER

Premium Leather is also supplied by Sorensen Leather and is otherwise known as Ultra. Ultra is a protected leather hide and is one of the most versatile leathers around which meets most requirements you would expect from an "everyday" type of leather. Buffed and embossed and truly nice to touch, the surface of Ultra boasts a uniform grain pattern spanning over the entire hide. Thanks to its extremely strong protective finish, it is very user-friendly and easy to maintain. Any dirt can simply be wiped away using a slightly moist cloth with fresh water. Ultra is more resistant to showing signs of aging or fading. Standard colours: Black 41599, Lava 41575, Coffee 41597 and Brandy 41574.

TEMPUR LEATHER

A high quality Nubuck style leather, which is lightly coloured with aniline dye and hand rubbed to give the furniture a beautiful vintage look. The leather has a tactile silky soft feel. Standard colours: Curio Brown 4001, Carbon Brown 4004 and Grigio Grey 4007

FABRICS

Fabrics may vary from batch to batch. We cannot guarantee that a fabric colour will 100% match if upholstery items are ordered again at a later date.

CANVAS

100% cotton. 30.000 Martindale.
Not suitable for use in the UK.

WOOL

75%WO 25%PA. 40.000 Martindale.
UK FR (not Crib5)

VELVET

100% Polyester. 35.000 Martindale.

Moss Green - Pantone 18-0312 TPX

Anthracite Black - Pantone 19-0303 TPX

Tanzanite Pink RAL3015

Customised colours are available with minimum order quantity of 300 seats.

For care instructions for all materials visit partner.norr11.com

SALES AND DELIVERY TERMS

PRICES

All prices are in EUR. Recommended Retail Prices include VAT and exclude works. This price list is valid from 15.01.2018 and replaces all previously published price lists. The prices may be subject to alteration at any time without prior notice. Reservation is made for any errors and omissions.

DELIVERY TIME

Delivery time for made to order products is 6–10 weeks from order confirmation pending payment or credit line having been granted.

On Stock products are shipped no later than 5 days after order confirmation and payment.

In the online ordering system www.norr11.com all stock numbers are accessible.

CLAIMS

Please inspect all deliveries upon receipt and check if the correct product and quantity have been delivered with no faults present. All claims should be sent to claims@norr11.com within 3 days of receipt. Please include the original order number along with images showing clearly the defect and the serial number of the product.

In case of transport damage and the boxes are visibly damaged please inspect the delivery immediately and notify the freight forwarder in writing on the delivery note. Claim must then be filed with claims@norr11.com and the forwarder within 2 working days of receipt.

Return of products can only be accepted with a written agreement prior to sending back the goods. Unless otherwise agreed the buyer bears the cost and risk of products returned.

TERMS & CONDITIONS

The terms and conditions are to be considered as a juridical cooperation contract between NORR11 GmbH and the wholesale cooperation partner (the Buyer) and valid in general; particular clauses can be redefined or excluded by a separate contract in specific. The German version of these terms and conditions is relevant; the English version is for convenience only.

1. Validity, existence of the contract

1.1 The following terms and conditions apply exclusively to all business relations between NORR11 GmbH (the Company), and wholesale partner (the Buyer) at the time and date of when the order has been placed.

1.2 The Buyer cannot use different conditions other than the conditions that are stated, even if the Company does not explicitly object. Particular clauses can be changed in special cases by a separate contract between the Company and the Buyer before the order is placed.

1.3 www.norr11.com does apply as an online ordering system for NORR11 wholesale partners (the Buyer) and is not to be considered as an online shop. This is defined by differing prices, conditions and intention in comparison to the regular online shop version.

1.4 NORR11 assigns access to the ordering system upon confirmation of a wholesale cooperation with the Buyer. Beginning and ending of the cooperation contract is defined by the granting, respectively closing of the Buyer's access to the ordering system. A purchase contract with the Company comes into effect when the order (or part-order) has been confirmed with an order confirmation (OC) or invoiced.

2. Changes of the ordered goods

2.1 Customary and reasonable variations in the colour or in the dimensions are not considered as a defect.

2.2 NORR11 reserves the right to make any changes to a product's design that is found by the company to be necessary or appropriate.

3. Price, payment and shipping terms

3.1 The online ordering system stated prices exclude VAT and shipping costs. Product prices are listed in the product list. Customers in Germany will be invoiced gross.

3.2 The amount of the invoice must be paid upon receipt of the invoice. The payment is in advance and is to be paid by bank transfer. Orders will only be processed upon full payment of the invoice. An order may be divided in several parts and invoices, depending on product availability. Only available products will be invoiced.

3.3 The Buyer can apply for payment terms of 30 days and/or a credit line. The approval and terms of such depend on confirmation of the Company and the approval of the credit insurance. Likewise does the credit value. An overdue payment on an allocated payment term will result in a temporary closure of the credit line.

The Buyer accepts that the Company will transfer debt cases, including all related data, to a third-party enactment partner.

3.4 The Company reserves the right of the ownership of the goods until the Buyer has made a full payment of the purchase price and related extra costs.

3.5 In case of a part payment agreement between the Company and the Buyer, the following will apply: If the outstanding balance of the purchase is not paid within 4 weeks of the receipt of the goods in the Company's warehouse, the agreement is not valid. The deposit paid to the Company by the Buyer covers all suspension, storage and delivery costs.

3.6 Goods are not carried by the Company. Unless otherwise specified by the Buyer, the goods will be given to a forwarding company for transport, on behalf of the Buyer. Shipping costs are invoiced separately, depending on the shipments measurements and weight, the forwarder daily rates and conditions. The Company is committed to always choose the most reasonable/efficient offer. Note: deliveries are made tailgate and installation and packaging removal is not included.

3.7 Shipments have to be checked and matched with the enclosed delivery note by receipt.

Missing items have to be reported immediately to the Company. Subsequent reports of missing items will not be considered.

3.8 Wholesale partners are generally excluded from special sales campaigns. Discounts cannot be combined.

4. Delays

The estimated time of delivery date may be subject to change. If the Company is not able to meet the agreed deadline, the Buyer is entitled to request information about this and the Company must inform the Buyer. The Company is not responsible for delays due to unaccountable disturbances in its business operations or inconvenience from the suppliers, especially strikes, lawful lockouts and force majeure which prolong the delivery time to the length of the interference. In such cases the Buyer is entitled to withdraw from agreed services only after a written agreed reasonable grace period has expired. The legal right to demand compensation remains intact.

5. Liability

5.1 The Company is not liable for any loss caused by delay in delivery, defects or other breach of contract, unless the loss is due to gross negligence on the part of NORR11

5.2 The Company is not liable for any indirect loss, such as loss of profits, operating loss, loss of goodwill, loss of Buyers, current expenses or any other financial consequential loss.

6. Transfer of risk

The transfer of risk takes effect when the goods are handed over to the buyer or the responsible carrier.

7. Claims

The Buyer is entitled to make legal claims. The warranty claim does not apply to damages which are in responsibility of the Buyer, such as damage caused by normal use (wear and tear), improper handling, temperature, weather conditions and so on. Claims due to transportation damages have to be reported immediately, both to the Company and to the involved forwarder.

8. Guarantee

The Company grants a guarantee period of two years on all products. If a product becomes defective due to a material - or production error during this period, the Company will replace the part of the product which is defect or the whole product. The power of decision lays with the Company.

9. Copy

NORR11 accepts no responsibility for typographical errors in prices, text and measurements which may be updated from time to time.

10. Place of fulfilment

10.1 The sale and conveyance of the goods to the Buyer takes place in Germany.

10.2 As "showroom" designated exhibition rooms serve only for illustration and exhibition of the Company products, the purchase of goods takes place exclusively via the Company's wholesale online ordering system. The contractor is always the Company, even if the order is placed in localities of partner companies, such as 'showrooms'.

11. Final Provisions

11.1 Personal data are only used to process the Buyers order correctly.

11.2 The place of fulfilment is in Germany.

Delivery guidelines

Delivery address determines the shipping costs. The following guidelines are valid for mainland deliveries only. NORR11 reserves the right to charge additional fee if delivery rate percentage does not cover the cost of transport to the respective location.

The background features a minimalist, abstract line art design. It consists of several thin, grey lines that form a large, irregular shape, possibly representing a stylized figure or a landscape element. The lines are clean and modern, creating a sense of movement and depth. The overall aesthetic is clean and contemporary.
